

MAHATMA GANDHI UNIVERSITY
SCHOOL OF ENVIRONMENTAL SCIENCES
DR. R. SATHEESH CENTRE FOR
REMOTE SENSING AND GIS

(Estd. & Supported under the National Natural Resources
Management System – NNRMS-SCT – programme of Govt. of India
led by ISRO, Dept. of Space)

www.sesmgmu.com

One-Month Online Certificate Programme on **Satellite Remote Sensing and Scientific Computing**

Programme Highlights

- 30 Live Online Interactive Sessions (1 Hour Each)
- Practical Exposure to Remote Sensing Data
- Lifetime Access to Class Recordings & Resources
- Certification upon Successful Completion
- Free Tools, Templates & Real Datasets
- Project-Based Learning using 30-Year Satellite Data

What will you learn

- MATLAB Basics: Programming, Scripting, and Data Handling
- Satellite Image Acquisition, Preprocessing & Analysis
- Working with netCDF4, HDF, ASCII, CSV & Shapefiles
- Plotting: 2D, 3D, Bar, Pie, and Histogram
- GIS Techniques, Time-Series Analysis
- Mini Projects using Climate and Environmental Data

Who Can Attend

- PG Students
- Teachers and Scientists
- Research Scholars (Ph.D./PG)
- GIS & Remote Sensing Professionals
- Environmental and Earth Science Enthusiasts

How to Apply

Fill up the Application form after remitting fee
online by visiting following link
