

MAHATMA GANDHI UNIVERSITY
SCHOOL OF ENVIRONMENTAL SCIENCES
DR. R. SATHEESH CENTRE FOR
REMOTE SENSING AND GIS
(Estd. & Supported under the National Natural Resources
Management System – NNRMS-SCT – programme of Govt.
of India led by ISRO, Dept. of Space)

Certificate Programme on Geospatial Artificial Intelligence (GeoAI) and Machine Learning

Programme Highlights

- Get Introduced to Common GeoAI Algorithms
- Develop Effective GIS-Specific AI Prompts
- Learn to Troubleshoot AI-Generated GIS & GEE Code
- 30 live Online Interactive Sessions (1 Hour Each)
- Lifetime Access to Class Recordings & Resources
- E-Certificate Provided upon Course Completion

What will you learn?

- Foundations – AI/ML Concepts for GIS
- Generative AI Tools & Prompt Engineering
- Applied Google Earth Engine + ML with AI Assistance
- Validation, Fact-Checking & Responsible AI

Duration

1 Month (Online)

Analytical Platforms

Visual Studio

Who can apply?

Applications are open to all
interested candidates

How to Apply?

Please fill out the application form
using the link below
